

## Anatomy of Vedic Music: Lessons on “Inspiring Leadership Expression”: Sunday, Oct. 30 (7:30 PM IST/10 AM EST)

A duet of **Prof. George E Ruckert (Founder and The Artistic Director, MIT Heritage of the Arts of South Asia, MIT USA)** with **Dr. Partha Ghosh** (world renowned Strategist & Leadership expert, Founder, PG Academy of Leadership, Professor at Tufts University) moderated by **Mr. Puran Dang (Life fellow IIT Kharagpur)**, will explore how music in its widest sense of the Vedic traditions, **enables immersion into human conditions** that we can all apply in understanding the various emotions that shape the socio-economic fabric of any community. Great leaders purify and orchestrate emotions and skills, synergize aspirations and actions to enable transformational change much like Vedic tunes.

Our Gurudev, Rabindranath Tagore, NL, very nicely combined his songs, poems, Plays, and writings to define the ideal definition of a great Human/Leader. The Teacher and Mentor of George Ruckert, Ustad Ali Akbar Khan, converted some of the Rabindra Sangeet into beautiful Musical Renderings on Sarod.
