**B. C. ROY TECHNOLOGY HOSPITAL**

To,  
The IIT Kharagpur foundation  
IIT Kharagpur

Respected Sir,

The twenty units of Philips oxygen concentrators (5 LPM) capacity donated by the alumni foundation that have been received at BCRTH are fully functional now.

Ten of them are already deployed in the different wards of the hospital to help the Covid -19 affected patients, who are in need of oxygen.

The performance of these concentrators has been excellent and consistent. They make really low noise as well.

Thanks to the alumni group for making this thoughtful donation in this pandemic situation.

Dr. Prasanta Kumar Shannigrahi  
HEAD, BCRTH  
IIT, Kharagpur
