60-minute every Saturday webinar to deep dive into concepts with practical takeaways & valuable insights

14th in the
weekly webinar series

Topic : *How to create successful manufacturing based start-ups in India?*

Mr. Bhaskar Majumdar

Founder and Managing Partner,
Unicorn India Ventures

Mr. Bhaskar Majumdar is the Founder and Managing Partner at Unicorn India Ventures, a Mumbai based VC fund. He's had a seat at both the tables by being a seasoned media & technology executive and entrepreneur as well as an established early stage investor and advisor, within the UK and India.

A native of IIT Kharagpur and an AMP from Harvard, his career trajectory is as vast and diverse as they come. He would enable early stage business in their international roll-out strategy as well as being potential targets for international business looking at strategic entry into India. He has recently added another notch to his belt, having authored a book that's been published in Jan of 2021 entitled- "Everything starts from nothing" in which he endeavours to capture the essence of the start-up ecosystem from his first-hand experience and help navigate those who wish to get their foot through the door.
