

RISE HIGH PUBLIC SCHOOL

Every Child deserves a High Quality, Holistic & Affordable Education

INTRODUCTION

Established and run by Bal Mangal Education Trust (a non-profit organization), Rise High Public School is based in Aurangabad, Bihar (a rural town 200KM south-west of Patna). The school has been operational from 2013, and is CBSE-Affiliated. BMET plans to build several schools like RHPS in underprivileged regions of India.

We need your support to take our initiative to the next level!

HOW YOU CAN HELP

Our students are full of energy, and optimism, and give it their best! However, their parents' financial conditions are fragile in the best of times, and are downright constraining in this current environment.

SPONSOR A STUDENT FOR 1 YEAR

Help us sponsor a student for a year – you will receive regular updates from the student you sponsor, as well as be able to offer them personalized advice on an ongoing basis!

Amount to be pledged: Rs. 20,000

Our teachers and principal have shown immense resilience and strength in this environment, and have gone above and beyond to figure out ways of educating kids with extremely spotty connectivity, using novel methods (e.g. whatsapp) to keep kids engaged in studies.

SPONSOR A TEACHER FOR 1 QUARTER

Help us to continue to keep them compensated in the way they deserve, and care for them through these times! You will receive regular updates from the teacher you sponsor and get a chance to motivate them for the wonderful work they are doing!

Amount to be pledged: Rs. 45,000

As we get to reopening of our school, we will be instituting a lot of new processes to keep COVID and other infections away – from regular and thorough sanitization of buses and classrooms, to making masks available for kids who need them, to arranging for special transportation if a kid seems to develop a fever while in school.

This will be a significant expense to us, and we need to be prepared for this. We will display your name on a plaque at the entrance of our school.

Amount to be pledged: Rs. 60,000

CBSE 10+2 affiliation requires dedicated labs for each science subject, as well as well-trained teachers. No other school in the area has 10+2 certification, which results in a significant portion of class 10 students not continuing their studies. Help us by funding 1% of the amount needed to meet our CBSE 10+2 affiliation.

We will proudly display your name on a plaque for people who made the classes 11 and 12 happen!

Amount to be pledged: Rs. 1 Lakh
